

Life360: Parental Consent Form

Children under the age of 13 (under 16 in California) are not permitted to use the Life360 application without the express written permission of a parent or legal guardian.

***NOTE: If you have already registered your child's new account using the in-app age verification and parental consent process, there is no need to fill out this form.**

A parent or guardian who does not want to use the in-app parental consent and ID verification process, must submit this form via mail or email scan to enable a child under 13 to create an account on the Life360 Service. Life360 takes special precautions to protect the privacy of our younger users. The Life360 Service is intended to be used by children under 13 only with significant parental involvement and consent.

Please print and complete this form and return by mail or electronic scan to the address below.
